

HANDS ACROSS THE WATER WAITING FAMILY

Lyndsay and Cameron

Hello! Thank you for taking the time to consider us as adoptive parents! We have so much admiration for your strength and courage. We can only imagine how difficult this decision must be and we are so grateful that you have taken the time to learn a little about us.

We began dating fresh out of high school and have grown together throughout the past 14 years. Although we have experienced infertility while growing our family, without those struggles, we would not be in the position we are now—with the insight, patience and resolve to open our hearts in order to parent from a place of love, understanding and connection. We are beyond excited to begin our journey as parents. We wish to grow our home and our family where a child is encouraged to pursue their passions and be themselves.

We live in a quaint, small town in southern Michigan. From our porch swing we can hear football games and the band play on Friday nights at the high school. We can take a walk with Gunner, our German Shepherd, across the street to the ice cream shop or bike a few blocks to the local library where they host community and children's events. A child would be welcomed with open arms by our large and diverse group of family and friends. As they grow up, they will experience family and friend gatherings with board games, bonfires, music, nature, and trips to explore our home state and beyond! We would love to have the opportunity to meet you and be considered as an adoptive family for your baby!

About Lyndsay
