

HANDS ACROSS THE WATER WAITING FAMILY

Megan and Jeromy

As we write this letter our hearts are filled with excitement and emotion. We are beyond honored and grateful that you are considering us as adoptive parents. If we are the family you choose, our lives will be forever intertwined. Your child will grow up knowing of your strength and selflessness, as well as the great love you share for them. We want you to know that a child joining our lives will know unconditional love, security and support from not only us, but an extensive network of family and friends.

Our lives together are filled with dog kisses from our pups Winnie and Rudy, belly laughs (usually at Jeromy's dad jokes), and lots of good food. We were both raised in Michigan and have known each other since we were in elementary school. We have experienced all the significant milestones in life together. We have been dreaming of adding a child to our family via adoption for over ten years now and we're ecstatic to start this journey with you.

We live in a diverse neighborhood with a strong sense of community. There is access to a variety of family friendly activities within minutes of our home. We love adventures, both big and small! We enjoy everything from traveling the country to weekend hikes with friends to casual family dinners during the week. We can not wait to share these adventures with a child. This child is already so loved beyond measure. Everyone in our lives is so excited to meet and share their love for this little one! Thank you for considering us. We hope we have the opportunity to meet you soon!

About Megan:
