

HANDS ACROSS THE WATER WAITING FAMILY

Bill and Jennifer

Thank you for taking the time to read about us. We know this could not be an easy decision for you and we would like to be available to you in any way that can make this easier for you. We have always dreamed of having a family and while for us this has not been easy, we would love to adopt and give your child a life full of love, laughter, adventure, education, and security.

We have been married since 2011 and our life has been filled with traveling adventures. We love to travel with our friends and family. Two of our favorite places have been Mackinac Island and Maui. Our home would be the perfect place to raise a child which is exactly why we picked it. It is in a small suburban town in Oakland County. Bill owns an insurance agency and Jennifer does foundation work with schools/teachers for the insurance agency. Jennifer also volunteers her time with their Golden Retriever who is a registered therapy dog at schools, nursing homes, and rehabilitation centers. Jennifer is planning to stay home to raise a child. Bill is a child at heart and can't wait for the day to play sports and games with a child. We both come from small, close families and spend a lot of time with our niece and nephew. They always seem to jump at the chance to come spend time with their Uncle B and Aunt Jen. We love taking them on adventures like cider mills in the fall, sledding in the winter, baseball games in the spring, and festivals in the summer. We can't wait to be able to do these things with our child and would hope you consider us to be the right family.
